

A full life-cycle BD pipeline management application for federal contractors

**GovBD** ™  
Track, Capture, Succeed

# We Understand GovCon Challenges

Many government contractors face similar obstacles...

Lack of visibility into pipeline status

Missed opportunities due to highly manual tracking

Uncertainty around growth prospects and financial health

Difficulty evaluating partners and forming winning teams

Organizational confusion and lost communication

Largely manual business processes

... GovBD was designed to address them head-on

- A **Clear, Holistic View** of the Pipeline – Leads, Captures, Proposals
- **24/7 Access - Anytime, Anywhere** (laptop, mobile phone, tablet)
- **Easily Customizable** to Match Your Business Processes
- **Integrates** with: Outlook, GovWin IQ, FedBizOpps, FPDS, and USA Spending to **minimize manual data entry**
- **Business Intelligence** through advanced reports and dashboards
- **Low Total Cost of Ownership** – quick time to value, minimal maintenance, and pay by the drink

# GovBD Offers Full Life-Cycle Capabilities

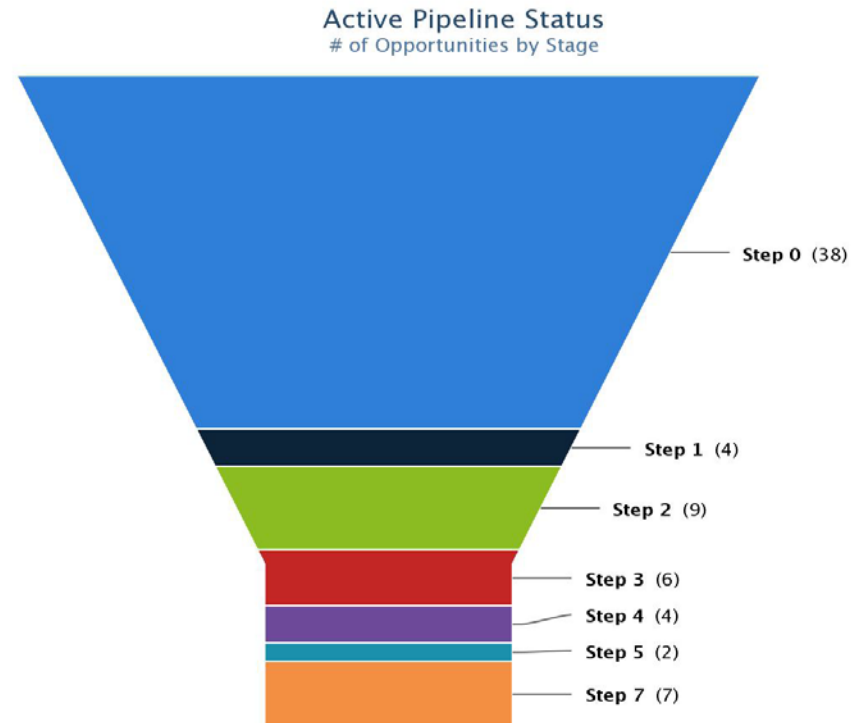

All of the end-to-end business development tools you need to win federal government contracts in a single application

# Automatically Add Public Opportunitites

## Add Opportunities from 3<sup>rd</sup> party data sources, then Systematically Track them through the Pipeline

- GovBD imports opportunities from two main sources: GovWinIQ and FedBizOpps (FBO)
- After import, data auto-populates into GovBD fields, modules, and projections to support reporting
- Key opportunity dates, events, and meetings are tracked and visually presented in charts and calendars
- Formal Bid-No Bid, Gate Reviews, and Color Team Reviews are included

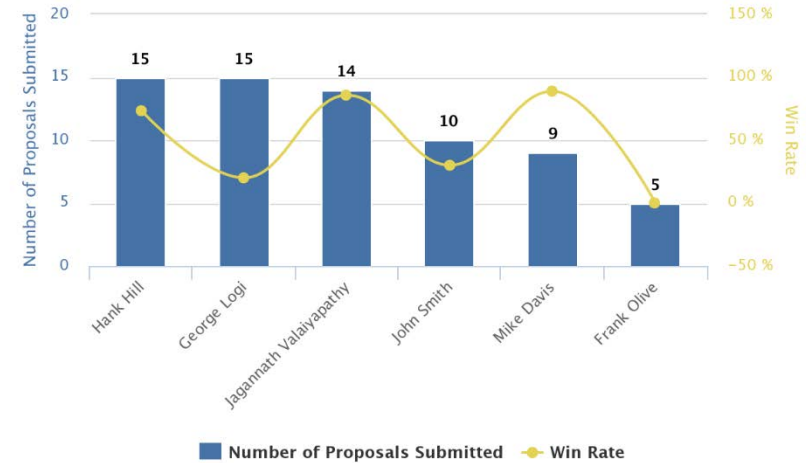

# Make Better Bid Decisions To Increase pWin

Deep Analytics delivered through pre-built, interactive, dashboards

### Forecasted Revenue Composition

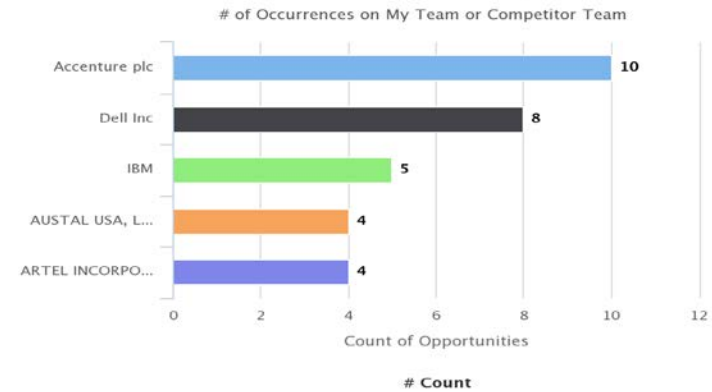

### Proposal Managers by Win Rate

### Forecasted Revenue Projections

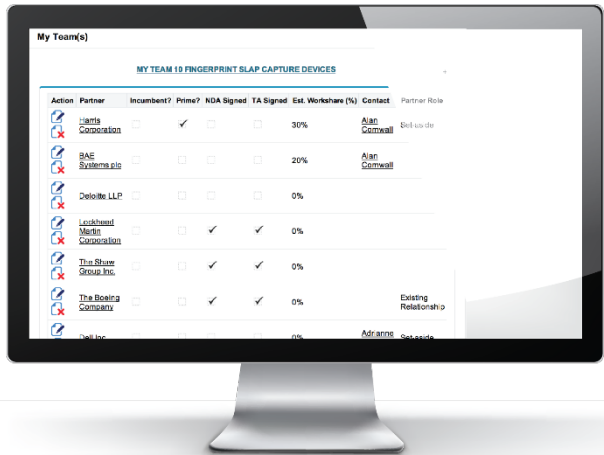

### Top 5 Partners and Competitors

# Leverage Partnerships to Build Better Teams

## ORGANIZE YOUR TEAM

- For each opportunity in your pipeline, have access to an overview of your team's composition and competitors
- Identify and centrally store critical information: signed NDAs/TAs, NAICS Codes, Sub or Prime contractors, even work-share

## COLLECT COMPETITIVE INTELLIGENCE

- Using past performance and awards data, GovBD recommends partners based on win-rates
- Tracks performance and value of all your teammates across projects and agencies

# More Efficiently Allocate BD Resources

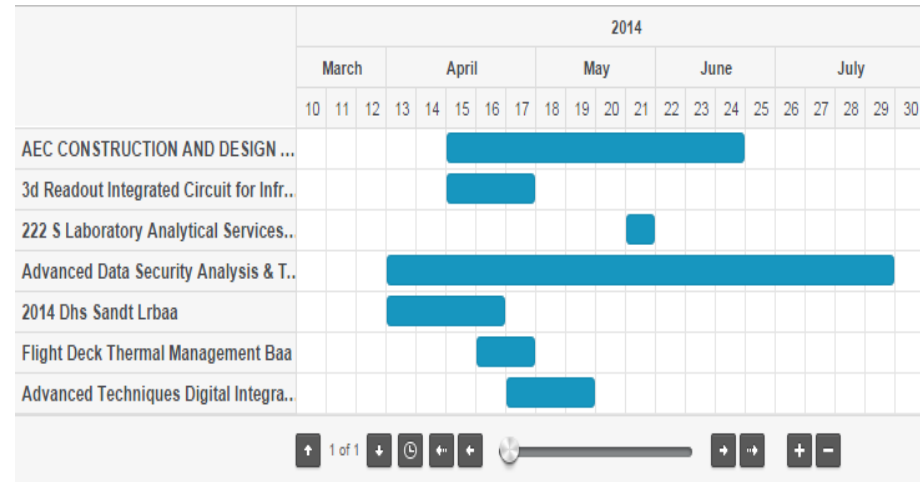

## ASSIGN ROLES ON THE CAPTURE TEAM

**Internal Roles**

Opportunity Owner	<input type="text"/>
Business Development Lead	<input type="text"/>
Capture Manager	<input type="text"/>
Technical Lead	<input type="text"/>
Proposal Manager	<input type="text"/>
Contracts Manager	<input type="text"/>
Sub Contracts Manager	<input type="text"/>
Pricing Lead	<input type="text"/>

- Determine specific roles on the capture team and assign roles to members of the BD team
- Assign tasks and call plans to key members in a structured manner to ensure accountability

## PLAN FOR UPCOMING PROPOSALS

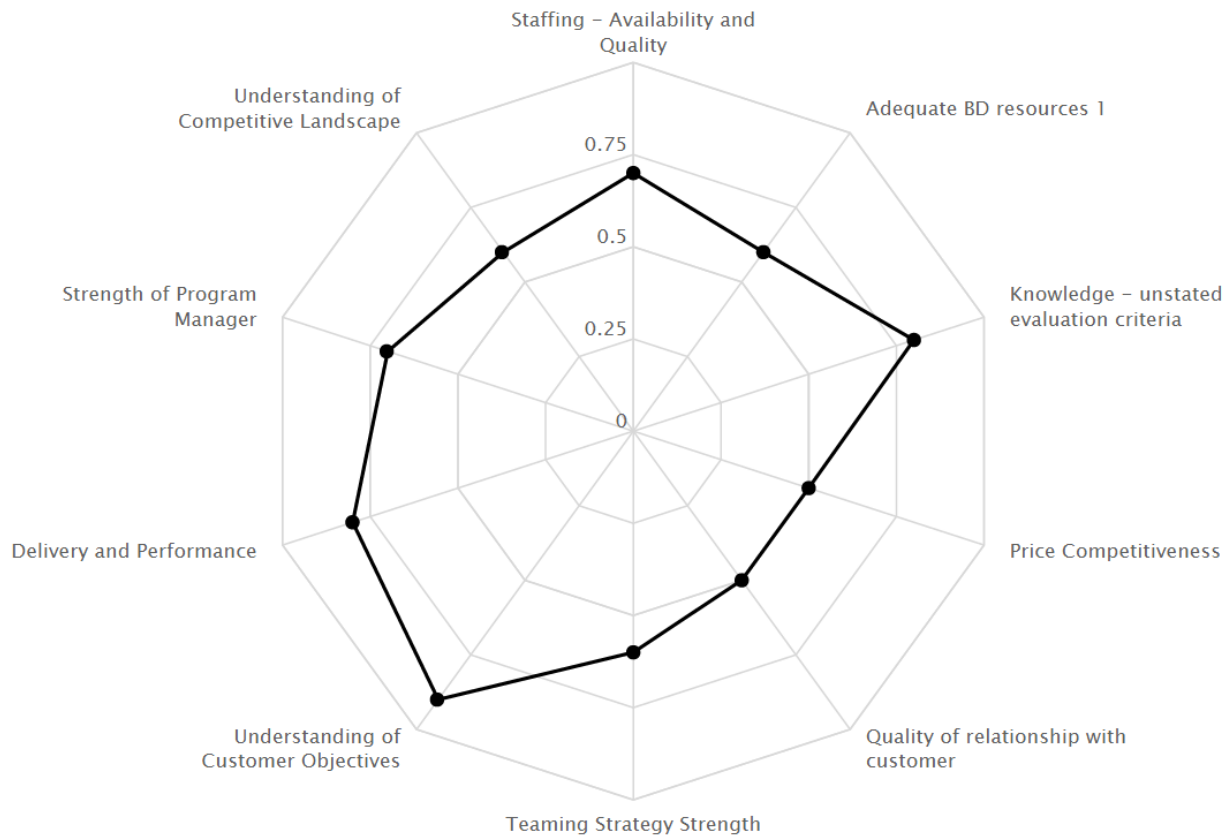

- Triage opportunities based on available proposal resources in advance
- Prioritize opportunities based on progress to date and submission deadlines

# Make More Thoughtful Bid No-Bid Decisions

Bid-No Bid Scorecard

- Allow quantitative assessments of bid readiness and team strengths to guide investments in proposals
- Identify weaknesses to support capture and teaming activities
- Align BD approach with customer evaluation criteria / success factors

# Drive Better Capture Outcomes

Evaluation Legend							
Fully Meets	Mostly Meets	Somewhat Meets	Barely Meets	Does Not Meet	Does Not Apply		
Capture Readiness Fields	Evaluation	Justification	Justification History	Bid/Proposal Readiness Fields	Evaluation	Justification	Justification History
Initial Capture Plan Approved	<input checked="" type="checkbox"/>		<a href="#">View History</a>	Named Proposal Manager	Barely Meets		<a href="#">View History</a>
Capture/B & P Budget Approved	<input checked="" type="checkbox"/>		<a href="#">View History</a>	Technical Solution Developed	Somewhat Meets		<a href="#">View History</a>

# View Corporate Health In Real-Time

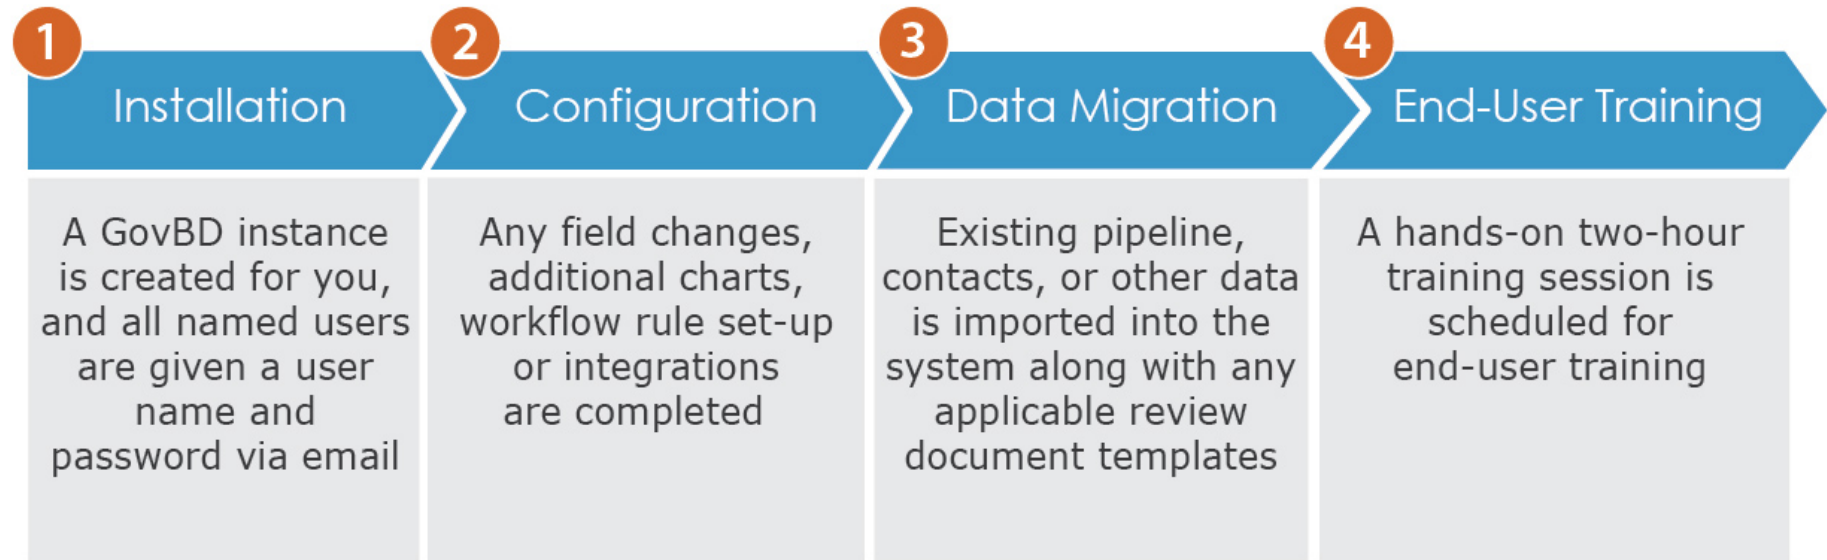

## Transform BD information into actionable Business Intelligence

- GovBD provides robust Reporting Analytics based on Trends Analysis
- Reports allow users to filter and manipulate information in different forms to drill down into detail about the pipeline
- Charts are interactive, downloadable, and dynamic

# Easy Installation & Quick Time to Value

Upon purchase, GovBD is up and running quickly through 4 phases:

# Why Customers Choose GovBD

- **Ready Out of the Box:**  
Customers seldom request or need heavy customization; simple field changes or work flow rules cover most issues
- **Single Source of Truth:**  
Best practices start with total BD team immersion; the tool is most successful when BD information and activity is centralized in GovBD
- **Intuitive and Easy to Use:**  
GovBD launches within a matter of hours, and Customers are ready to use the tool after minimal end-user training

Check out one of our Customer Stories below: [Customer Stories](#)

# Tremendous Record of Customer Success

“GovBD is the best option around. We used an internal solution, then Salesforce without a front end, then GovWin's integrated CRM program, then GovBD... GovBD is easy to understand and it displays information graphically without a huge time investment. I can't see a scenario where we'll move away from GovBD.”
